PETITIONING THE COURT

To incorporate the violation(s) contained in this petition in future proceedings with the violation(s) previously reported to the Court on 03/26/2024, and 05/08/2024.

On January 4, 2024, a United States probation officer reviewed the conditions of supervised release with Mr. D'Auteuil. He signed the judgment acknowledging his understanding of his conditions of supervision.

The probation officer believes that the offender has violated the following condition(s) of supervision:

<u>Violation Number</u>	<u>Nature of Noncompliance</u>
-------------------------	--------------------------------

4	<u>Special Condition #6:</u> You must abstain from the use of illegal controlled substances, and must submit to urinalysis and sweat patch testing, as directed by the supervising officer, but no more than 6 tests per month, in order to confirm continued abstinence from these substances.
---	--

Supporting Evidence: It is alleged that Mr. D'Auteuil violated the above condition by testing positive for methamphetamine on or about May 14, 20, and 21, 2024.

On June 10, 2024, the undersigned officer received reports from the Washington State Department of Corrections (DOC) and YFA Connections detailing positive urinalysis (UA) results for samples submitted by Mr. D'Auteuil as part of state supervision and treatment.

According to the DOC report, Mr. D'Auteuil submitted to an in-office UA on May 14 and 21, 2024. Both UA samples showed a presumptive positive result for methamphetamine and were confirmed positive by a lab.

I declare under penalty of perjury that the foregoing is true and correct.
